We provide a vast amount of films which are constantly updated so as to enhance the popularity of product and exponentially increase the profit.

PRODUCT CATEGORY

PROFESSIONAL MANUFACTURER OF VR EQUIPMENT

VR LBE Arena

VR Sky Glider

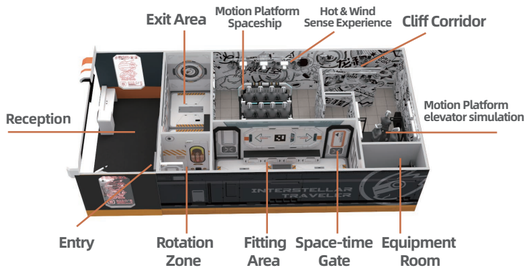
VR Parachute

VR 360 Motion

VR Mecha

VR Flying Simualtor

INTERSTELLAR TRAVELER

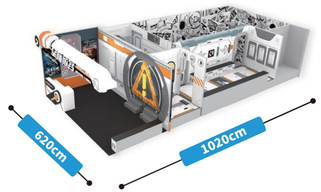


Technical Parameters

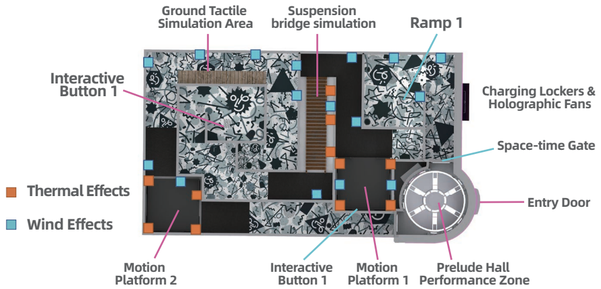
Product	Interstellar Traveler
Voltage	220V-380V
Games	3
Power	Standard:20kw Extended:29kw
Area	Standard:50㎡ Extended:64㎡
Weight	5000kg
Player	12-24
Size	Standard:6.2m x 8.2m
	Extended:6.2m x 10.2m

Features

1. Fully immersive metaverse theater, a new theme arena project independently developed by VART.
2. It combines the virtual and the real, and immerses the senses of hearing, vision, touch, and smell. It is currently the best vr arena project.



V-TASK FORCE



Technical Parameters

Product	V-TASK FORCE
Voltage	220V
Games	5pcs
Power	18kw
Size	Standard:L1200 x W700 x H300cm
Weight	5000kg
Player	8
Duration	10 minutes

Features

1. Rich Environmental Effects: Air jets, icy wind, hot wind, motion platforms.
2. 1:1 Virtual Scene Replicas: Physical walls, cliffs, suspension bridges, ramps path, tunnels, etc.

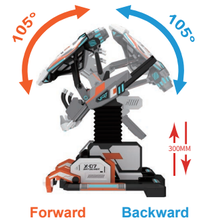
2 SEATS VR SKY GLIDER

Features

1. Exclusive & innovative, industry-first product for an all-new experience category;
2. Extra-large pitch angle and weight-free drop for non-stop thrills;
3. Self-developed exclusive games, delivering hyper-realistic flight simulation;
4. Themed appearance with powerful dynamic styling for outstanding visual appeal;
5. Supports wind-blow and water-spray special effects.

Technical Parameters

Product	2 Seats VR Sky Glider
Voltage	220V
Games	8+pcs
Power	5.5kw
Size	L250 x W250 x H250cm
Maximum Height	H2800mm
Weight	830kg
Player	2
Glasses	pico neo3



3 SEATS VR PARACHUTE

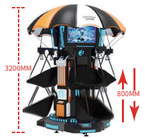
Features

1. Flexible operation:Three independent seats – can be played simultaneously or separately by session, adapting to various booking needs;
2. Extreme motion simulation: 800mm vertical drop for weightless dives and rapid climbs, plus ±30° precise tilt – visuals and motion stay perfectly synced for true flight feel;
3. Immersive environmental effects:Stereo surround sound, real-time wind (breeze to gale), and seat-based feedback for weightlessness and impact vibrations.

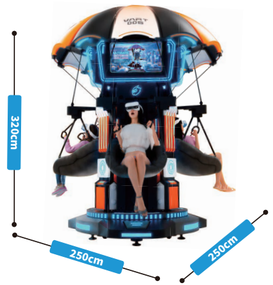
Technical Parameters

Product	3 Seats VR Parachute
Voltage	220V
Games	15+ pcs
Power	9.0kw
Size	L250 x W250 x H320cm
Weight	950kg
Player	3
Glasses	pico neo3

Min:2800mm (H)/
650mm (Seat Height Travel)



Max: 3200mm (H)/
800mm (Seat Height Travel)



VR PARACHUTE

Features

1.VR Parachute is a highly immersive virtual reality flight simulator, providing players with a lifelike, almost airborne experience.
2.Through its advanced motion platform, wind-effect system, and 360° panoramic VR content, users experience the true-to-life paragliding experience, including takeoff, circling, swooping, and gliding.

Technical Parameters

Product	VR Parachute
Voltage	220V/50Hz
Games	7+pcs
Power	7.0kw
Size	L300 x W204 x H206cm
Weight	750kg
Player	2

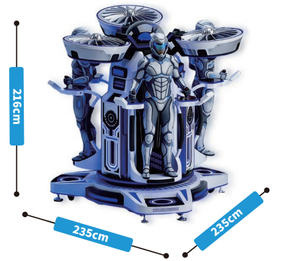
3 SEATS VR FLYING

Features

1. Striking Starry White, creating a futuristic cockpit vibe;
2. Zero-G Thrills: 360° rotation, 620mm Lift, 4D Wind & Light;
3.VR Combat Zone: Exclusive Games, Zero Dizziness, Ergonomic Controls.

Technical Parameters

Product	3 Seats VR Flying
Voltage	220V
Games	7pcs
Power	5.5kw
Size	L235 x W235 x H216cm +62cm lift, max height 282cm
Weight	550kg
Player	3
Glasses	Deepoon E4C



TEMPORAL WARLORD

Features

1.Cool robot shape, the machine supports 360-degree rotation, and the game actively outputs dynamics;
2. A variety of specially developed mecha-themed games;
3.Equipped with a 32-inch screen console to display game content synchronously.

Technical Parameters

Product	Temporal Warlord
Voltage	220V/50Hz
Games	6
Power	1.0kw
Size	L140 x W155 x H255cm
Weight	450kg
Player	1
Glasses	Deepoon E3S

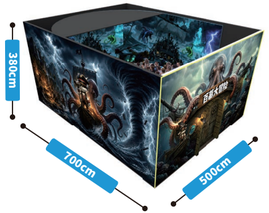
BERMUDA ADVENTURE CINEMA

Features

1. 180° ring screen + multi-DOF motion cockpit + 10D effects (wind, water, snow, bubbles, lightning);
2.Simulates lifting, pitching, weightlessness, acceleration, and diving;
3.Customizable seats: 12, 20, 30, 40 persons;
4.4K naked-eye films for deep immersion.

Technical Parameters

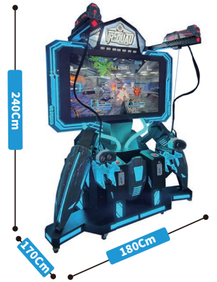
Product	Bermuda Adventure Cinema
Voltage	220V
Games	30+pcs
Power	20.0kw
Size	20 persons: L700 x W500 x H380 cm 30 persons: L800 x W600 x H400 cm 40 persons: L1000 x W600 x H400 cm
Weight	3500kg
Player	20-30-40
Height of players	1.2m-1.9m



VR SQUAD 2P

Technical Parameters

Product	VR Squad 2p
Voltage	220V
Games	4+pcs
Power	1.5kw
Size	L180 x W170 x H240cm
Weight	211kg
Player	2
Size	3.1㎡



Features

1.Real-Time 2-Player Co-op
Fight side by side in the same urban combat mission;
2.Weapon-Specific Vibration Feedback
Shotguns feel heavy and punchy; rifles deliver rapid recoil pulses; electromagnetic guns use a charge–release impact pattern;
3.Open Design with 55-Inch Spectator Screen
Live gameplay on the large screen draws attention and encourages crowd interaction;

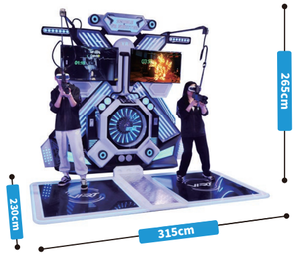
Glasses	Deepoon E4



VR SHOOTING 3P

Features

1.VR helmet and gun integrated design, with vibration function, more realistic;
2.Wonderful battle games.

Technical Parameters

Product	VR Shooting 3P
Voltage	220V
Games	10+pcs
Power	1.2kw
Size	Φ340 x H250cm
Weight	600kg
Player	3
Glasses	Deepoon E4

VR MULTIPLAYER SHOOTER

Features

1. Auto surrounding sound system;
2. 4 sets super cool Interactive Shooting Guns;
3. Small space with 4 ticket one time for high revenue.

Technical Parameters

Product	VR Multiplayer Shooter
Voltage	220V
Games	8 pcs
Power	2.0kw
Size	L345 x W308 x H245cm
Weight	600kg
Player	4
Glasses	HTC Vive Pro

DOME CINEMA

Technical Parameters

Product	Dome cinema
Voltage	380V/50Hz
Games	18
Power	13kw
Size	L809 x W720 x H450cm
Weight	3500kg
Player	8
Size	60㎡

Features

1.Cost-Effective Investment: Low entry cost, quick installation and setup, accommodates 8 users per session.

Company Profile

VART VR - Professional VR/AR/MR/XR Entertainment Equipment Manufacturer & Immersive Venue Solution Provider

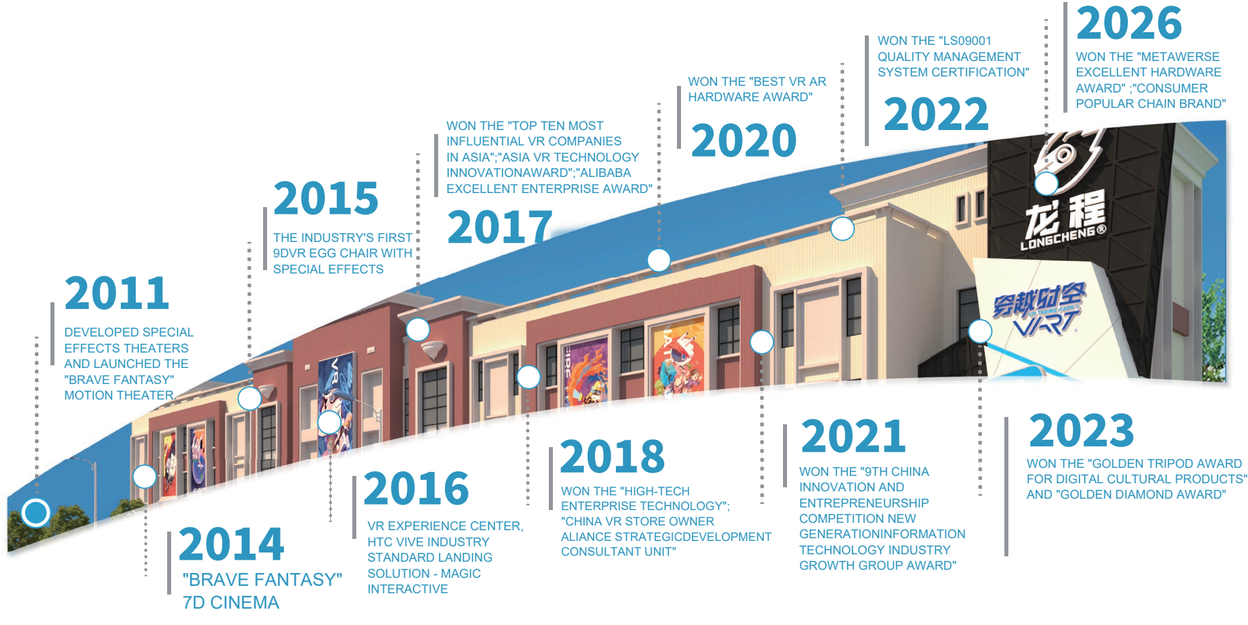
Founded in 2011, VART VR is a professional manufacturer and solution provider specializing in commercial XR entertainment equipment, including VR, AR, and MR products. With over 15 years of industry experience, we integrate R&D, design, manufacturing, content development, sales, and after-sales service to deliver reliable, high-performance immersive entertainment solutions for global clients.

VART VR operates a modern 8,000㎡ facility, including professional office areas, immersive product showrooms, and standardized production workshops. Our product portfolio covers VR motion simulators, interactive arcade machines, full-sensory immersive theaters, multiplayer motion platforms, XR attractions, and customized entertainment projects for arcades, shopping malls, theme parks, cultural tourism venues, science centers, and family entertainment centers.

We provide one-stop solutions for commercial XR venues and trendy entertainment centers, supporting both hardware and software customization. From product appearance design, motion platform engineering, environmental special effects, quality control, interactive content, themed packaging, IP integration, to multiplayer modular systems, VART VR continues to lead the industry with innovative design, stable performance, and strong commercial operation value.

Our products are designed and manufactured according to international standards, with certifications including ISO9001, CE, RoHS, TUV, SGS, and SASO. We are committed to helping partners build profitable, high-traffic, and highly immersive entertainment venues worldwide.

Milestones



Honors and Certifications

All our products have been approved by CE, RoHS certificate. As a well-known domestic enterprise, Guangzhou Longcheng has won many honors such as "National High-tech Enterprise", "VR Leader Award", "Best VR Innovation Award", "Top Ten Influencers in Asia" and so on.
